Summary of Changes - EIC Present and Proposed Chapter Bylaws

PMI instituted a policy requiring Chapter Bylaws to be updated on a basis which allows for consistency to address areas of operation for Chapters and provides for an alignment with PMI's policies. A PMI Bylaws Template was used by the Chapter Board. The Chapter Board added areas where specific criteria are needed to provide the Chapter Board with operating requirements. PMI has review and approved the proposed bylaws.

The proposed Bylaws reflect the Chapters election cycle - Electing Board Officers to serve from July 1st to June 30th with elections for some Board positions on a two year term as defined in the Bylaws. The Chapter financial reporting remains on a calendar year basis with an audit required each year. While each Board member has duties defined in the proposed Bylaws, additional and more detailed functional responsibilities will be defined in the Chapter's Board Transition and Operating Manual.

The following is a summary of the changes based on the Article headings. Both Bylaw documents are provided for your review.

Following a 45 day period from when these Bylaws are presented for Chapter members to review a vote will be held to determine if the Proposed Bylaws are to be accepted by the membership.

Present Bylaws		Proposed Bylaws	
Article I	Area Of Operation	Article I	Name, Principle Office, Other Offices
